4. Site Area

What is the site area?24848.00

ScaleSq. metres

Does your proposal involve the construction of a new building which would result in the loss or gain of public open space?

☐ Yes ☒ No

5. Description of the Proposal

Please describe the proposed development including any change of use

Gwynedd Council intend to replace the existing School, Ysgol Treferthyr, with a new 150 capacity school to accommodate the children of the Cricieth catchment area. The new school will provide six classrooms, an ALN classroom, a Early Years Unit along with a number of different teaching spaces, staff and administration areas and a large hall. Externally this will be supported by outdoor play and learning areas, suitable onsite parking and new highway access.

Has the work or change of use already started?

☐ Yes ☒ No

6. Existing Use

Please describe the current use of the site

The site is currently used as agricultural land for grazing livestock

6. Existing Use

Is the site currently vacant? ☐ Yes ☒ No

Does the proposal involve any of the following?

Land which is known or suspected to be contaminated for all or part of the site ☐ Yes ☒ No

A proposed use that would be particularly vulnerable to the presence of contamination ☐ Yes ☒ No

Application advice

If you have said Yes to any of the above, you will need to submit an appropriate contamination assessment.

Does your proposal involve the construction of a new building? ☒ Yes ☐ No

If Yes, please complete the following information regarding the element of the site area which is in previously developed land or greenfield land

Type	Area of land (ha) proposed for new development
Greenfield land	24848

7. Materials

Does the proposed development require any materials to be used in the build? ☒ Yes ☐ No

Please provide a description of existing and proposed materials and finishes to be used in the build (including type, colour and name for each material):

Walls	
Description of existing materials and finishes (optional):	
Description of proposed materials and finishes:	Current wall construction is intended to utilise an insulated SFS system clad in a mixture of materials to relate to the vernacular: predominantly white through colour render and locally sourced stone, then using some elements of contemporary cladding panels to highlight key entrances and the main hall.

Roof	
Description of existing materials and finishes (optional):	
Description of proposed materials and finishes:	Current roof construction is intended to utilise an insulated panelised system that will match the wall cladding over the hall and for the most of the building will use an insulated roof panel that mimics the soft muted green tones of the fields around

Windows	
Description of existing materials and finishes (optional):	
Description of proposed materials and finishes:	Grey finished insulated aluminium frames with double glazing

Doors	
Description of existing materials and finishes (optional):	
Description of proposed materials and finishes:	Grey finished insulated aluminium frames with double glazing

Boundary treatments (e.g. fences, walls)
--

7. Materials

Description of existing materials and finishes (optional):	Stone Walls and stock proof fence
Description of proposed materials and finishes:	The existing stone wall along the northern and eastern boundary will be retained as much as possible with an anti climb mesh fence fitting inside the boundary to create a secure boundary for the school, this anti climb mesh fence will continue round for most of the site with some elements around the entrance etc. will use this in a combination of stone walls. Some of the areas outside of the secure boundary will be enclosed within stock proof fence, i.e. around the drainage areas.

Vehicle access and hard standing	
Description of existing materials and finishes (optional):	
Description of proposed materials and finishes:	Grey asphalt will be used for most of the vehicle access and parking, whilst a buff coloured paving will be utilised around the school

Lighting	
Description of existing materials and finishes (optional):	
Description of proposed materials and finishes:	An external lighting plan produced by McCanns will accompany this application. The external lighting will be used along the access path to the school, in the car park, and directly around the perimeter of the school.

Are you supplying additional information on submitted plans, drawings or a design and access statement? ☒ Yes ☐ No

If Yes, please state references for the plans, drawings and/or design and access statement
